Rental or lease - 4.5% of the valuation or a minimum of \$60.00.

## VEHICLE CROSSING

Vehicle crossings are required to be installed to Council Specifications and the installation must be undertaken by an Approved Contractor following the application being approved by Council.

## SECTION 1C - Trade Waste Charges

Fees and charges are set annually by Council resolution and notified in the Annual Plan. The following charging categories apply to non-domestic/trade waste consumers.

### A1 Connection/Annual Charge

This is an annual charge made for every connection to the Westport Sewerage System. This is the minimum charge per rateable lot with a connection to the system.

### A2 Additional Trade Waste Charge

This is an annual charge for recovery of the marginal cost of providing additional trade waste capacity. This charge will be made using the methodology defined in Schedule 1D. This charge will be made on the basis of multiples of domestic dwelling equivalents.

*All fees and charges are inclusive of GST unless otherwise specified*

### A3 Provisional Application Fee

No Charge

### A4 Trade Waste Consent Application Fee

This is payable with each Trade Waste Consent Application.

### A5 Compliance or Extraordinary Application Processing Costs

Time and disbursements costs, as incurred at a rate identified in the Annual Plan. Extraordinary application processing costs will only be incurred after exceeding its provision in A4 and after advising the applicant that extraordinary processing or compliance costs will subsequently apply.

## SCHEDULE 1D - Methodology for Calculating Additional Trade Waste Charge

The following methodology will be used to apply the fees and charges set out in Schedule 1C. This methodology is based on principles outlined in the Introduction to the Bylaw.

1. The Council will prepare a schedule of non-domestic consumers from their rating database.
2. Using best available information and local knowledge, the Council will assess the business function or activity and estimate the relevant local capacity of usage criteria of each non-domestic consumer on the schedule.
3. From load factors for the generic business functions or activities, an average daily flow will be estimated. In special cases, organic load may be considered, if relevant to that activity or if it may have an implication to the sewerage system.
4. From the estimate of daily flows (or organic load in special cases), the ratio of flow estimated from the activity (or organic load) to that expected from a domestic dwelling and as identified will be calculated.
5. As the assessment is not necessarily highly accurate, the calculated ratio will be averaged into one of the following groups and the appropriate charge concluded.

Ratio	Group	Charge
1 - <2	A	1 Domestic Charge
2 - <5	B	1 Domestic Charge plus 3 additional Trade Waste Charges
5 - <10	C	1 Domestic Charge plus 7 additional Trade Waste Charges
10 - <20	D	1 Domestic Charge plus 15 additional Trade Waste Charges
20 - 30	E	1 Domestic Charge plus 25 additional Trade Waste Charges
>30	F	1 Domestic Charge plus ratio x additional Trade Waste Charges
>70	G	Formal Trade Waste Consent Application required

*All fees and charges are inclusive of GST unless otherwise specified*

6. The assessment will be forwarded to the applicant as a Provisional Trade Waste Consent, with procedures defined in Section 3.2 of the Bylaw.
7. For application assessed or known to have a maximum flow greater than 50m<sup>3</sup>/day, a formal Trade Waste Consent Application shall be required to be submitted by the consumer.

**For further information regarding the Trade Waste Bylaw  
contact the Operations Department.**

*All fees and charges are inclusive of GST unless otherwise specified*

## ENVIRONMENTAL SERVICES - RESOURCE MANAGEMENT

### 1. Basis of Charges

The Buller District Council has adopted a user pays policy for all resource consent applications and functions that the Council carries out under the Resource Management Act 1991. The purpose of the charges is to recover the actual and reasonable costs incurred by the Council.

In setting these charges, the Council has had regard to the criteria set down in Section 36 of the Resource Management Act (RMA).

### 2. Timing of Payments

Most of the charges and amounts specified in this schedule (unless otherwise specified) are payable in advance of any action being undertaken by the Council. Pursuant to Section 36(7) of the RMA the Council need not perform the action to which the charge relates until the charge has been paid in full.

### 3. Deposits

Deposits are initial charges payable at the time an application is submitted to Council for processing. Notwithstanding that a deposit may be paid, the Council will commence processing the application only when it is satisfied that the information received with the application is adequate.

Statutory timeframes will be suspended until the Council is satisfied that all necessary information has been received.

Since resource consent applications can vary significantly in their content and nature, the Council cannot set a fixed charge that would be fair and reasonable in every case. The deposit shown in the schedule is the minimum deposit for that particular application category. A deposit higher than the minimum could be required and this would be dependent on the nature and scale of each specific application.

### 4. Final Costs

When the processing of an application has been completed and a decision has been made, Council will then finalise the cost of processing the application.

#### (a) Refund of Charges

Pursuant to Section 36(5) of the RMA, the Council, at its discretion may remit the whole or any part of the charges listed in this schedule where the deposit paid is greater than the costs incurred by Council in processing the application. Any refunds due will be paid after Council has assessed the final cost of processing the application.

*All fees and charges are inclusive of GST unless otherwise specified*

## ENVIRONMENTAL SERVICES - RESOURCE MANAGEMENT

### POLICY

As a basis for additional cost under Section 36(3) of the RMA 1991, Council will assess such costs on the following basis:

- (a) Staff costs will be charged out at their hourly charge out rates as determined by the Department Manager from time to time.
- (b) Vehicle mileage rates will be charged at \$1.00 cents per kilometre plus GST for external charging.
- (c) Site visits involving more than an hour total travelling time will be charged at a flat rate of one hour of staff time.
- (d) Advertising, materials and laboratory costs will be charged at cost.
- (e) Costs for Hearing Commissioners and their disbursements will be recovered at actual and reasonable rates.
- (f) Legal charges / peer reviews will be recovered at actual and reasonable rates.

### 1. List of Charges

A charge shall be made for each type of application or action listed. All charges unless otherwise specified in this table are a deposit and are inclusive of GST. All references are to the Resource Management Act 1991 unless specified otherwise.

Where work is required to be undertaken by a specialist consultant in an advisory capacity or for the purpose of processing a consent, (eg noise reports, planning consultant reports, legal advice), the direct cost of engaging the consultant will be passed onto the applicant.

### All consents and monitoring administration fee

**\$90.00**

### CATEGORY A - Land Use Consents

#### Description of Service
